## SP92-R

The *speedART* SP92-R based on Porsche 911 Carrera/S type 992, is like his ancestor Porsche 996 and 997 a combination of a vehicle suited for everyday driving and sports-car for the race track which unites agility and driving dynamic as well as aesthetics and functionality with each other. All this together makes the SP92-R to an unmistakeable experience of a quite special kind.

The *speedART* SP92-R do not originate simply somewhere, they become true in exactly

the same region where also the headquarter of the company PORSCHE lies.

The only 15 minutes distant swabian Rutesheim is the place where the vehicles in craft master work are getting improved. This new headquarter of *speedART* since the end of 2007 is the result of the logical conversion of strategy and growth. On about 2700m<sup>2</sup> originates here one of the most exciting sportscars in the world.

The SP92-R: Carpe Viam!

„Thinking and being are determined by the contradiction.“

Aristoteles

# Aerodynamic SP92-R

## SP92-R front chin spoiler

SP92-R front chin spoiler, fits the original front bumper, for a more dynamic look and more downforce

Painting and fitting

Art. Nr.: P92.830.050.030  
Art. Nr.: P92.830.050.040UM

Figure similar.

## Suspension

Optimum transmission, high cornering speed, controllable at the limits and a safe driveability.

Sportive or comfortable! We do the setup like you wish. Modern suspensions with active controlled systems are offering still an optimizing of driveability because the most series suspensions are a compromise of sportive and comfort.

We can offer you various opportunities from comfortable suspension to complete adjus-

table coilover systems.

A brilliant cooperation between our development partner and test drivers is setting us in the lucky position to go on moving the limits of driving physics in your favor.

*„Faith to those who search the truth and doubt those who already have found.“*  
Andre Gide

## Spacers

Many different sizes for all OE- and tuning-wheels available. Details on demand..

## Wheels

Form follows function or reversed, just how you wish. Give your car an individual taste.

No matter if one piece forged or modular. Between different variants and types can be chosen.

Also we can offer individual paint jobs or powder coatings of wheel center, wheel lip and wheel bed in various colors. For sportive and race driving we have weight reduced wheels

in our product range.

Another enhancement in value you can reach with our harmonic wheel designs. Strong contours or smooth curves are creating a special and personal appearance of your car and highlight the claims of sportive elegance.

*„The normality is a paved street, you can go well on it, however, there grow no flowers on her.“*

Vincent van Gogh

CSC wheel, 11,5x21" ET 59, glossy black, silver or surface twisted in platinum

Art. Nr.: SA.P92.CSC.1121 price: from 750,- €

CSC surface twisted in platinum

## Engine

DFI = Direct - Fuel - Injection. Power increase based on the newest technical standards and at the level of the happening.

All components like gearbox, clutch and engine are so attuned that at every time the maximum power is available. In cooperation with aerodynamic, suspension, wheels, tires and brakes it creates an amazing value of driving dynamic.

Every SP-92 is unique and has his own un-

mistakeable and individual character.

It takes years of know how and experience to understand the automobile details and their respective characteres. The own interpretation is the next difficult but important step to get closer to the perfect automobile. We definitely succeeded at the SP-92.

*„The whole thing is more than the sum of its parts.“*  
Aristoteless

# Engine Carrera /S/GTS

## Sport exhaust variants for Porsche 992 Carrera /S/GTS

### Sport exhaust X-tube

sport exhaust X-tube with sound switch, stainless steel, upgrade for vehicles with original sound switch exhaust, control of sound switch by already mounted original switch-button, Export-Sound

Fitting

Art. Nr.: C92.ESD.KL.EX  
Art. Nr.: C92.ESD.KL.EXUM

### Sport exhaust with sound switch and ECE-typapproval

sport exhaust X-tube with sound switch, stainless steel, upgrade for vehicles with original sound switch exhaust, control of sound switch by already mounted original switch-button, EU-Sound, ECE-typapproval

Fitting

Art. Nr.: C92.ESD.KL.TÜ  
Art. Nr.: C92.ESD.KL.TÜUM

# Engine Turbo/S

## Sport exhaust variants for Porsche 992 Turbo

### Sport exhaust X-tube

sport exhaust X-tube with sound switch, stainless steel, upgrade for vehicles with original sound switch exhaust, control of sound switch by already mounted original switch-button, Export-Sound

Art. Nr.: S92.PK2.MOTUM

992 Carrera GTS

Art. Nr.: SA.PK.92.GTS

992 Turbo/ S

Art. Nr.: T92.PK1.EPB

## Interior

Fabric, leather and microfiber and also carbon, stainless steel, aluminium and wood. In combination with entertainment and multimedia. Various forms and colors in any thinkable version.

Also here the best materials are used and technology on the newest state of the things. No matter whether tone in tone, Bi-color or a mix from the respective materials, in creating the interior there are nearly no borders placed.

In the course of the years all this only became possible by an intensive collaboration with the most different companies who have specialized themselves in individualizing interiors.

Here it is exclusively pure manual labour and the standards in quality and processing are exceptionally high. Please notice that a listing of all products and variations in the interior is in this prospect not possible because of the large amount of opportunities.

Please send us your enquiry direct to [info@speedART.de](mailto:info@speedART.de). We will send you as soon as possible our response and a detailed offer.
